RE: Third Alternate Unit Well
Exceptional Location
Hosston Formation, Reservoir A, SUH
WEST SIMSBORO FIELD
Lincoln Parish, Louisiana

Dear Sir:

Application is hereby made on behalf of The Prospective Investment and Trading Company, Ltd., for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the HOSS RA SUH, located in the West Simsboro Field, Lincoln Parish, Louisiana, created by Office of Conservation No. 327-B-2, effective August 1, 1980, as amended and supplemented by the 327-B Series of Orders.

1. To designate The Prospective Investment and Trading Company, Ltd. - Napper No. 1 Well, located in Section 15, Township 18 North, Range 4 West, in the West Simsboro Field, Lincoln Parish, Louisiana, as an alternate unit well at an exceptional location.

2. To consider such other matters as may be pertinent to this application.

The designation of this well, as the third alternate unit well, is necessary and in the interest of conservation to efficiently and economically drain a portion of the HOSS RA SUH which cannot be efficiently and economically drained by any existing well within such unit. The Napper No. 1 Well (S.N. 177569) has recently ceased to produce from the Cotton Valley Formation. It is, therefore, available for a completion into the Hosston Formation.
